We would like to express our full support for the Citizens' Initiative „Stop Abortion” (filed with the Polish Parliament under no. 784) that seeks full protection for the life of all children, before as well as after birth.

We believe that the efforts undertaken by the Polish citizens in order to secure highest standard of children's rights protection deserve utmost support, not only of Polish civil society but also of all Polish officials, especially Members of the Parliament, the Government and the President of Poland.

With highest consideration,
